Elopements:

If you have a valid marriage license and want a short wedding ceremony, with or without witnesses, give us a call. We be happy to perform the ceremony here at our location or place that is nearby to us. Even on short notice, we will do our best to accommodate you and marry you quickly. Elopement fees **MUST** be paid in advance or with cash before the ceremony starts.

We can travel within two hours of our location to where you want to be married. The current travel fee is \$1.00 per mile due to the high cost of fuel. The travel fee is as computed by Mapquest, there is a charge of \$1.00 per mile for each leg of each trip required (rehearsals, etc.). Any tolls and/or parking fees encountered by the celebrant will also need to be paid.

We will consider traveling which requires an overnight stay on a case by case basis.

Call or e-mail to request fees and arrangements.
